Dave Potter, Chair
Monterey County Board of Supervisors
168 West Alisal St.
Salinas, CA 93001

SUBJECT: ENVIRONMENTAL DOCUMENT FOR ZIPLINE AT JACK'S PEAK PARK

Dear Chair Potter and Members of the Board of Supervisors:

LandWatch Monterey County has been following the application process for the proposed zipline at Jacks Peak Park. We attended a meeting at the park in 2011 and have been following the status of the proposed project for the last several months.

It is our understanding that a mitigated negative declaration is being prepared for release in early 2012. Because of potential significant impacts on biological resources that cannot be mitigated, current public controversy and the likelihood of extensive public review and comments on the proposed project, we urge the Board to request that an environmental impact report (EIR) be prepared. Preparation of an EIR now instead of later will save both time and resources and best serve the public that is interested in the project.

Thank you for your consideration.

Sincerely,

A handwritten signature in black ink that reads "Amy L. White".

Amy L. White
Executive Director
