

Rancho San Juan – Water Use Disaster!

Consider the Facts:

Water Overdraft – Rancho San Juan will over-pump the area aquifers by 463 acre-feet per year

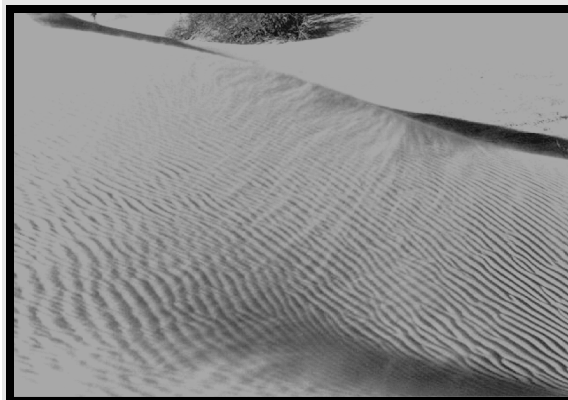

Water Overdraft increases Concentrations of Ground Water Contaminants and accelerates Seawater Intrusion

Water Overdraft, which the County chooses to ignore, will allow Rancho San Juan's Phase I which includes 1070 homes--most of which are estate and luxury homes--a hotel and a golf course. Now, aren't there better uses for scarce water than another up-scale golf community in Monterey County?

Monterey County Before Rancho San Juan

Monterey County After Rancho San Juan?

How to help

- Contact your County Supervisor and ask that he or she oppose this project: Monterey County Board of Supervisors, P.O. Box 1728, Salinas, CA 93902; phone: 755-5066; fax: 755-5888; email: CTTB@co.monterey.ca.us; Clerk to the Board: Ann Anderson.
- Contact Julie Engell, 633-8709 more information or to volunteer. Mail: 70 Carlsen Road, Prunedale, CA 93907-1309.
